Core components – in every package

Same proven hardware in every room. Only the cable length changes.

 Meeting USB-C HUB VLUSBHUB2V2	 USB-C host cable PROUSBCMMS1.5	 Desk grommet VLDG24-B	 HDMI optical cable PROHDMIOP10	 USB 3 optical cable PROUSB3AAF10
---	--	---	---	--

Which package fits your needs?

The three packages are the same – the only difference is the cable length from the meeting desk to the display. Measure from the centre of the desk to the back of the display, then add a little extra so you can route the cables neatly out of sight.

Not sure which package fits? We'll help you spec the right room.
